# ATTENTION ALL PRESCHOOL TEACHERS AND CHILD CARE CENTERS

What a great time the children can have on a field trip at Ocean Tumblers Gymnastics School. Bring the group over and let them experience the thrill of gymnastics and fitness awareness. The children will be able to participate in different activities including the trampoline, the giant foam pit to jump in, tumble track, inflatable time and may include games.

We can also bring some of our equipment to your center and do the field trip there.

We offer field trips all year long and we can start scheduling you for your summer activities now.

We will not be holding field trips during the weeks of June 18 and June 25.

## PRICE LIST
